

EPLING ESTATES COMMUNICATES...

FEBRUARY 2011

EDITION 110

What's Happening

Septic system maintenance...

Please do not put grease down the drain! This may cause not only a clog, but can make the systems less efficient. Septic systems rely on naturally occurring bacteria to help break down the solids in the effluent. The grease prevents the bacteria from getting the oxygen it needs to complete this natural chemical reaction. Also, no paper towels, tampons, or condoms please!

Calendar...

02/22/2011 – Statement date

03/07/2011 – Automatic payments are processed

03/15/2011 – Deferred automatic payments are processed
