#### TruGreen

We strive to help implement a professional lawn care program consisting of four applications to address weed control and fertilization. You may notice a small sign in the yard after a site visit indicating to remove after 24 hours. Many think that this means to stay off the lawn for 24 hours. However, it's safe for people and pets after the application dries, 15-30 minutes in most cases, but remember dew or rainfall may add to drying time. For more info visit TruGreen.com.
